

HOW WILL WE REACH THEM?

Our goal is to reach the whole world for Christ. How will we achieve such a monumental task? Through raising up a new generation of followers around the world. Our ministry philosophy is straightforward:

- **Win** students to Christ through creative outreach and introducing students to Jesus by inviting them into a caring community.
- **Build** their faith through one-on-one discipleship, small groups, and partnerships with local churches.
- **Send** them as ambassadors for Christ, to win, build, and send others, reaching their families, their communities, their nations, and the world.

MY STORY

When I went to Cal Poly, San Luis Obispo in the Fall of 2009, my life was transformed as I entered a loving community through the ministry of Cru. Under the leaders of Cru, I grew in my faith and began to understand the reality that every Christian is called to be a part of the Great Commission, reaching the world for Christ. After praying for laborers to enter the harvest fields for a year, I felt called to “GO”. I spent two years in East Asia, sharing the Gospel with students on university campuses, many who had never heard the Gospel before. Now that the Lord has equipped me to reach international students, He is calling me to move to San Francisco to reach some of the most influential international students in the world! These future leaders of business and government have come to study at the best universities. My vision is to reach them with the life-changing Gospel so they return to their nations as ambassadors for Christ!
